## FEATURES

### ENGINES

2x SEAPRO V8 250 Black 30" Outboard

**33 MPH / 28 KN**

2x SEAPRO V8 300 Black 30" Outboard

**38 MPH / 33 KN**

Speed projected with standard specifications.

### TANKAGE

Fuel tank (approx)

**2x 178 = 356 GAL / 2x 675 = 1350 L**

Water tank optional (approx)

**52 GAL / 200 L**

Holding tank optional (approx)

**21 GAL / 80 L**

### CONSTRUCTION

Hull and deck build material

**Resin infused vinylester throughout**

Bulkhead and reinforcing

(no plywood in structural components or below waterline)

**Resin infused vinylester throughout**

Core materials vary in density dependent on loads

**PVC**

Gel coat of hull

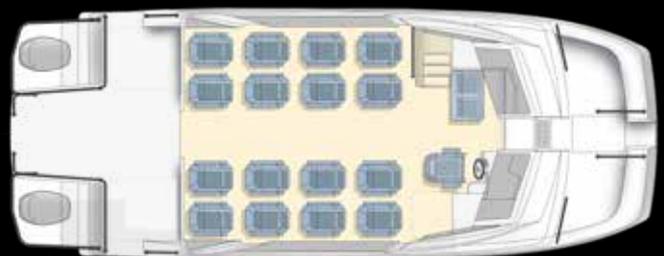

**NPG**

Water tight bulkheads fore and aft

Performance projected above are for a standard specific boat with clean hull. Weather will impact performance results and may vary considerably. Sino Eagle Yachts reserves the right to alter specifications and build characteristics of Aquila Boats as Sino Eagle Yachts desires from time to time.

## WATER TAXI, SCUBA, PATROL

### AQUILA EXCURSION POWER CATAMARAN

Aquila Commercial represents the perfect blend of incredible power cat stability, efficient operation and passenger well-being. The fusion of these elements and Aquila's meticulous build process delivers a power cat that is proven to endure various boating conditions with ease, comfort and long term durability.

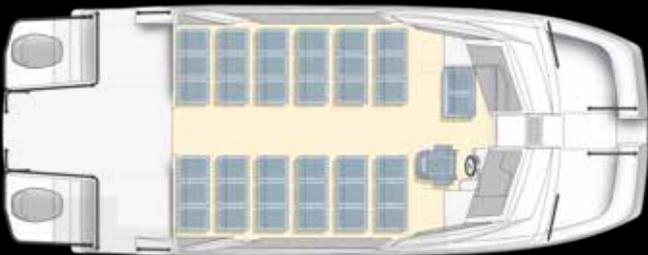

### PASSENGER COMFORT

Aquila Commercial Shuttle 36 can be customized for a wide range water shuttle operation. Seating configurations are adaptable with varying levels of luxury for the operator's requirement and can accommodate 5 to 40 passengers. Options include Water Taxi, Scuba and Patrol vessels. Options also allow for fully enclosed air conditioned decks or partially enclosed decks.

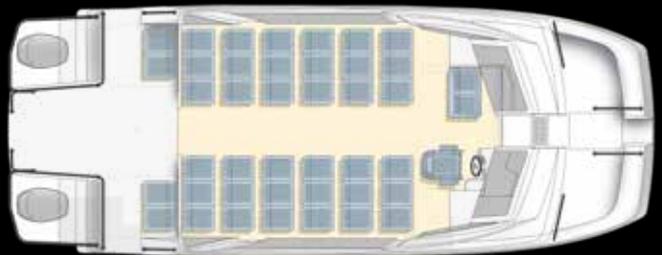

### OPERATOR EFFICIENCY

Efficiency and performance work together on the Aquila Commercial 36 for a safe, reliable cruising operation. Power catamaran advantages include delivering a stable, comfortable cruising experience for passengers while providing operators with a safe, cost effective water transportation vessel. Dual engine outboard options are available with varying HP to meet your specific water transportation needs.

Regional certifications vary and must be confirmed between purchaser and builder.
